

Extra! Extra! Internet Safety!

Purpose: Connect with your family and learn about their tips and tricks for navigating the digital world.

Pretend you're writing an article for *Highlights Magazine* about internet safety. You decide to start by interviewing a family member. Use the questions below to find out how they make decisions about what they do online.

1. How do you spread kindness and fun online?

2. What do you think about before sharing something online?

3. How do you recognize when something's fishy online that you shouldn't click on?

4. Has anyone ever misunderstood what you posted online? What did you do?

5. What are two things you would never share online? Why?

Share and Compare:

Ask more family members and compare their responses. What do they have in common? What's different?
